PVJ POWER NEWSLETTER

PVJ Power is proud to announce its empanelment as an approved vendor for ABB, marking a significant milestone in our growth journey. This association reflects our strong manufacturing capabilities, robust quality systems, and commitment to meeting global standards, further reinforcing PVJ Power's position as a trusted partner in the transformer industry.

PVJ Power has secured an order to supply 2000 kVA transformers for Zomato warehouses in Delhi. This order highlights our capability to deliver reliable, high-capacity power solutions for large-scale logistics and infrastructure projects.

PVJ Power has secured an order to supply transformers for Suzlon's upcoming solar cell manufacturing plants in Coimbatore and Vadodara.

PVJ Power has received an order for the supply of two numbers of 630 kVA Compact Substations (CSS) for the upcoming Hyatt project in Rishikesh.

PVJ Power has secured an order for the supply of 2000 kVA, 33 kV dry-type transformers for Patna Airport. This project underscores our expertise in delivering high-capacity, safety-focused power solutions for critical infrastructure and reinforces our presence in the aviation sector.
